

Single Use Plastic Survey

Explore each room of your home and identify single use plastics that you can see. Tally how many of each type you see and think about some sustainable alternatives that you could use instead! Take a look at the example below, then get started!

Room	Single Use Plastic	Tally	Alternative
<i>Bathroom (example)</i>	Shampoo Bottle		Shampoo Bar
<i>Kitchen</i>			
<i>Bedroom</i>			
<i>Front Room</i>			

Don't forget to share your findings online with us! Simply take a photo and use **#OceanLessons** across social media so we can see all your hard work!
